

Acceleration Policy

Acceleration defined as; early entrance to kindergarten; acceleration in individual subject areas; whole grade acceleration (grade-skipping); and early high school graduation.

Tecumseh Local Schools recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth. Students, for whom a whole-grade acceleration or individual subject acceleration is considered as an appropriate educational option, will be evaluated by an acceleration evaluation committee using the Board of Education adopted Acceleration Policy. For more information about this Gifted Service option, contact the Director of Special Education at 845-4495.

Students that are accelerated will have a Written Acceleration Plan on file.

If you would like to discuss acceleration for your child, please contact the Director of Special Education at 845-4495.
