THS Holds First Annual Opportunity Fair

The first ever Opportunity Fair was held at the high school on February 16 and many businesses and local organizations were in attendance to talk with students and their parents about the opportunities available with their group. In addition to branches of the military being represented (recruiters from the Air Force Reserve, the Army, the Marines, the Navy and the Ohio National Guard were in attendance), several local businesses had information and representatives here. Businesses and organizations who attended include the following: ALBAT, Benjamin Steele, the City of Springfield, the Clark County Sheriff's Office, Express Employment Professionals, Greater Springfield Summer Internship, Iron Workers (Apprenticeship), McGregor Metalworking Companies, Mental Health Services for Clark and Madison Counties, Miami Valley Apprenticeship, the New Carlisle Fire Department, Ohio Means Jobs and Woeber Mustard Company. Several Local Colleges (Clark State, Sinclair Community College, Wittenberg University and Wright State University) had representatives to answer questions and hand out information. Also, students could get help filling out the FAFSA form in the guidance office. The event was a huge success, benefiting both students and the local organizations who attended.

THS Student of the Week for February 13

Congratulations to sophomore Emilynn Mata for being chosen Student of the Week for February 13. She was nominated by her math teacher, Mr. Haley, who said, "Emmy has been one of my hardest workers all year. She has not missed turning in any work this year and all work is completed at the highest level.

Emmy also works for her peers by helping guide others through their struggles on assignments. She always has a group of kids around her that she is serving and should be recognized for her outstanding commitment to not only her own excellence but her commitment to her fellow Arrows' learning. Way to go Emmy!"

Industrial Technology February Student of the Month

Congratulations to senior Larry Campbell for being selected Industrial Technology's February student of the month. Larry is an outstanding student in the Woodworking Class. He has maintained a high grade point

average and is a diligent worker who helps classmates with lab activities. Larry will receive a gift card for Ace Handyman Hardware donated by KilKare Speedway and a certificate.

ROTC Cadets Blow Away Competition at Beavercreek Drill Meet

For the first time in recent memory Tecumseh AFJROTC cadets took the first three places in the the junior varsity knockout competition at the drill meet last Saturday. Cadet Nina Pastor-Castro came in third, Cadet Aaliyah Brooks came in second and Cadet Nevaeh Mustard won the JV competition. These cadets were not the only ones who excelled at the Beavercreek drill meet, though. In the varsity knockout competition Cadet Jessica Rector took tenth place and Cadet Alyssa Cochran (a first year cadet) won the overall first place position in the entire drill meet! Congratulations to the entire group of 22 cadets and their teachers for an outstanding competition!

Congratulations to the New Carlisle Elementary Positive Referral Earners!

New Carlisle Elementary Showcases Student Art

Mrs. Prenatt, New Carlisle Elementary art teacher, set up an art show for parents to enjoy when they came in the school for conferences. Work was organized by grade level and parents could browse through and see what students have been creating.

NCE Holds Cowgirl Day!

THS Student Council Hold Staff Appreciation Dinner

On the parent-teacher conference night held February 16 the Tecumseh Student Council had dinner available for staff members to enjoy after school. They served pizza, chips, drinks and cookies.

AP Physics Class Holds Egg Drop Competition

Students in AP Physics recently competed to see which group could design and build a “safety device” to project an egg during a collision. Working in pairs the students created a landing pad to cushion an egg when it was dropped. The groups were limited to using 10 sheets of paper (8 ½ x 11”) and 1 meter of masking tape. Seniors Callie Riley and Riley Dolbeer won the competition with a drop of 3.5 meters, or approximately 11.5 feet.
