

# Tecumseh Local Schools eNewsletter

September 21, 2021

*Learning For All ~ Whatever it Takes!*

Mission Statement: Tecumseh Local Schools is the driving force behind a community of diverse and proudly connected Arrows. We are relentless learners who strive to become better tomorrow than we were today.

## Federal Funding

Tecumseh Local Schools, along with most school districts, received federal funding in response to the COVID - 19 Pandemic. This funding, titled the Elementary and Secondary School Emergency Relief Funding (ESSER), is restricted. Restricted funding requires that a district budget this funding in specific areas. Twenty percent of this funding needs to be used to recover from the learning loss realized from the pandemic. The funding can be used to supplant salaries of existing staff members as well. Below are the areas in which we have utilized or will utilize this funding.

- **Summer Learning Program** - The district offered a Summer Learning program this past summer (2021) for students in grades K-12. We plan to use this funding to offer a Summer Learning Program for 2022 and 2023 as well.

- **Curriculum, assessments, materials and supplies** - These were and will be used to support learning and growth during the school year and with the Summer Learning Programs.
- **Staff and student devices** - Our district was able to become a one-to-one, student to device ratio, with this funding. Additional ESSER funding is earmarked to upkeep and purchase devices to maintain the one-to-one ratio for the next several years.
- **Virtual teacher(s) during the 2020-2021 school year** - This supported our students who elected to learn virtually.
- **Edmentum** - Software program used with student learning virtually during the 2020-2021 school year.
- **Professional Development** - Multiple opportunities for professional development have and will continue to be provided for our educational staff members.
- **Mental Health Therapist(s)** - TLS is contracting with the Clark County Mental Health Department for the services of three mental health therapists who work directly within the district.
- **Two full-time nurses** - TLS is contracting with the Clark County Educational Service Center for two school nurses. This ensures we have a full-time nurse at each of our buildings (K-12) to help navigate the nuances of the pandemic.
- **Personal protective equipment (PPE), cleaning supplies and equipment** - These items were purchased in conjunction with the recommendation of the CDC and OHD.
- **HVAC Systems** - Budgeted for chillers/boilers/quality water control.
- **Website and Communications Upgrade**
- **Salaries** - A portion of the ESSER funding is being used to offset funding coming from the general fund. This will extend the duration of time TLS has a positive carryover fund.

If you have specific questions, please email Paula Crew at [paula.crew@tecumsehlocal.org](mailto:paula.crew@tecumsehlocal.org).

## TLS Strategic Plan

Our Board of Education, leadership teams, along with members of our staff and community, developed our strategic planning framework several years ago. Our work at the district centers around one of the four goal areas; **academic growth, wellness, fiscal responsibility** and **community engagement**. There is a committee open to staff and community members for each of these four areas.

If you have an interest in being on one of these committees, or would like more information, please email me at [paula.crew@tecumsehlocal.org](mailto:paula.crew@tecumsehlocal.org).

We had an awesome turn out at our football game last Friday as we honored our veterans and first responders and recognized are wonderful Pee Wee Program. Congratulations to our team who was victorious over Ben Logan. Thank you to our incredible marching band, cheerleaders, AFROTC cadets and student section for cheering on the team. Thank you to our veterans and first responders who were in attendance and for those who were unable to attend. Thank you to Tecumseh Strong for your efforts to bring us Military Appreciation Night! Thank you to our coaches and advisors for sharing their expertise with our students. Thank you to our staff members, parents and community members for spending your Friday night with the Arrows! It was a great night of celebrating our students, district, community and nation!

### **Water Tower Update** - Brian Dixon, Director of Facilities & Safety

The water tower project at Tecumseh High School has currently been paused so that a bypass shutoff valve can be installed. This shutoff will allow the district to provide softened water when the tower is drained for recoating and painting or for future maintenance of the system. Towers are designed with bypass shutoff valves; however, this was not included when construction took place at Tecumseh. The EPA typically signs off on construction so it is unclear how this was missed. Needless to say, given the lack of available materials and labor shortages during the pandemic, the installation time has lengthened.

The current goal is that the bypass shutoff valve will be installed during September which will then allow for the painting and coating of the tower to begin in October. We continue to place a high priority on the safety of our water supply in the district and want to invest in its protection for future generations of students at Tecumseh Local Schools. Our water continues to be safe for consumption.

From Aaron Oakes, Tecumseh High School Principal

## Tecumseh High School 2021 Homecoming “A Night In Paris”

Homecoming is the weekend of September 24-25, 2021. Events commence on September 24, 2021 with the Homecoming Football game v. Bellfontaine at Spitzer Stadium. The Homecoming Court and King and Queen will be announced before the game at approximately 6:30pm, and kickoff will be at 7:00pm. Banners from the annual Homecoming Banner Competition will also be on display throughout the evening.

The Homecoming Dance is Saturday, September 25, 2021 at Spitzer Stadium from 7:00pm - 10:00pm (weather permitting). Tickets for the dance are \$12.00 each and will be available for purchase beginning September 13th. All tickets must be purchased online.

In the event of inclement weather the dance will be held inside Shannon Gym. We will encourage students to social distance and masks will be required.

To purchase tickets: <https://www.tecumseh.k12.oh.us/TicketSales.aspx>

### PLEASE REMEMBER

**students MUST have their Final Forms completed**

**in order to attend Homecoming.**

The Fall 2021 season is well underway. Girls Golf had their Conference Tournament on Monday, September 20th and the Boys Conference Tournament is September 23rd. The Girls Tennis team is off to a great start, they are currently 10-1. Their only loss was a hard fought 4-1 match against Northwestern. The Girls Soccer Team is 1-2 in league play. The Boys Soccer Team is 3-0 in league play. Both teams held their Senior Night on Monday, September 13th. The Cross Country Team ran at Seneca East recently. It was a large invitational run in the evening. The kids seemed to have a good time. The cross country team will be hosting their 2nd Annual Retro Meet. This is where the headbands and knee high socks come out. This will take place on Tuesday, September 28th. The kids enjoy this meet. The football program held Military Appreciation Night and PeeWee Night before their win vs. Ben Logan last Friday, September 17th. The Arrows take on Bellefontaine this Friday at 7:00 which is Homecoming. Finally the Athletic Hall of Fame Ceremony has been set. The date is Saturday, December 11th at Noon in Pflaumer Auditorium. The public is invited. This year's class is Jasmine Redman and Jerry Valentine. They will also be recognized at halftime of the basketball game on December 10th.

-Craig Eier, Athletic Director

Tecumseh Middle School is thrilled to partner with Kona-Ice of Troy during the 2021-2022 school year. Kona-Ice has launched a Character Awards Program, where they want to recognize students who make positive choices. Kona-Ice Character Awards Program will be included in the existing PBIS program already in place at TMS.

Every month, on our scheduled two-hour delay days, TMS will have Kona-Ice Days. On Kona-Ice Days, students will have the opportunity to purchase Kona-Ice during their grade level's scheduled time. Every student will have the opportunity to purchase a Kona-Ice ranging from \$3-\$5. However, around 23 students from each grade level will be rewarded with a free Kona-Ice coupon that they have earned through making positive choices. TMS and Kona-Ice want to encourage, recognize, and reward students who demonstrate positive behavior in school and exemplify Being a Great Arrow. In addition to being able to earn a free Kona-Ice coupon, Kona-Ice will recognize six students each month as "Super Students". These "Super Students" will have their picture displayed on a bulletin board and receive a free color changing water bottle.

In addition to recognizing students for positive behavior, Kona-Ice also has a giveback program. Through their giveback program 25% of the sales Kona-Ice makes during their visits to TMS will come back to the school to be used directly for students! TMS had its first Kona-Ice Day on Wednesday, September 8th. It was a huge success as students got to enjoy Kona-Ice and spend some time outside socializing with friends. On the first Kona-Ice Day, TMS received a check for \$361 as part of Kona-Ice's giveback program. TMS looks forward to the upcoming Kona-Ice Days and recognizing students for their positive behavior and for Being Great Arrows!

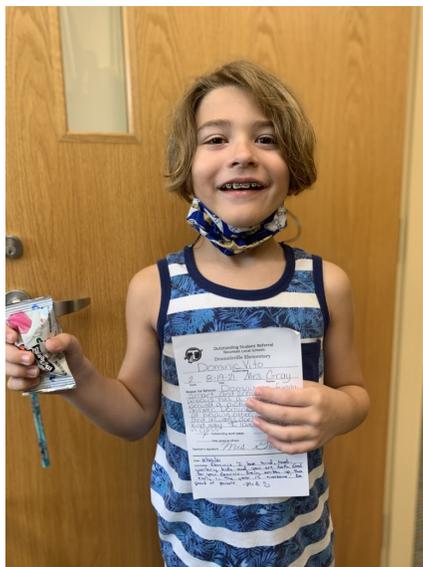

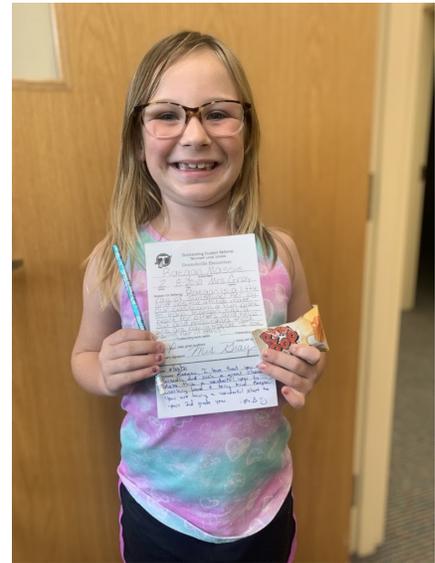

## From Jay Burkholder, Donnelsville Elementary Principal

The start to this school year has been wonderful. It's been great to see smiling faces and kids interacting again with their friends. I love seeing each grade level at our building from the young 2nd graders to the grown 5th graders. What an awesome group of students!

I want to highlight some things that Donnelsville Elementary staff is passionate about. First of all, our students. The staff is here to help your kids grow as students and as people. We use our district and building goals to lead us. Goal one for the district is all about student achievement / academics. The second goal deals with creating a culture that is positive, caring, and helpful.

At the elementary level, academically, we focus on Reading and Math mainly. My personal goal for our building this year is to increase our Math instructional practices and achievement. We want our students to succeed in Math and develop lifelong strategies for success.

The culture of Donnelsville is very important to us. We as a staff know it's difficult to get our students' minds if we don't have their hearts first. Rewarding positive behavior through Positive Office Referrals and programs like PAX is something our staff is very good at. Last year alone, staff members wrote 580 office referrals for positive behavior.

Please join us in making this school year the best ever for our students and your children. We are blessed to have your support and to be part of such a great school district.

Go Arrows!

In a world where  
you can be  
anything  
**BE KIND**

## Bullying Assembly

On Friday, September 3, New Carlisle Elementary welcomed Deputy Josh Berner and Deputy Shaun Lisle who presented information to our students about bullying. Rather than holding a typical style assembly with the whole building, the deputies met with 4-5 classes at a time in the gym. The students enjoyed the presentation and learned the difference between a bully and a student being mean. Students also learned what to do if they are being bullied, how to tell, and how to respond. The presentation style worked very well and kept the students engaged. Each session ended with questions from the students. Students left feeling informed and empowered.

Please continue to talk to your children about how to be kind to others. It is really important to remind your child to use "I Statements" when talking with a bully or a student being mean, for example "I don't like it when..., It makes me feel..."

## Flower Bed Project Update

Mrs Hillard and Mrs. Jones worked together last year with their classes to organize a Flower Bed project with funds received from a PTO grant.

We have enjoyed watching the flowers and plants grow, blossom and mature. As the summer has now turned to fall we have ripe tomatoes, mint, beautiful flowers and all sorts of butterflies and birds flocking around the beds.

It really has been a great addition to our building! The teachers plan to continue this project each year with their students.

## From Karyl Strader, Park Layne Elementary Principal

There are so many exciting things happening at Park Layne Elementary. First of all, a huge thank you to parents for helping your children adjust to a new school year or to school for the first time. The first few weeks of school are always difficult for our youngest Arrows, but students have really worked hard to learn all about being PAX leaders, following routines, making new friends, and so much more. Please help your children even more by making sure that they know how to do simple self-help tasks such as tying their shoes, fastening and zipping, and opening containers. Please take a few minutes to show your child how to open containers in their packed lunch and certainly have your child tie his/her own shoes each day with your help and support. This is the only way they'll learn. Please know that we are happy to help students but we want to teach them independence. They are so excited when they are able to do these tasks by themselves.

On the academic side, we have just finished assessing all students on early reading skills and are beginning our reading coaching groups this week. All students will be in a reading coaching group. Our neediest students will receive this support in a small group setting with a Title I staff member outside of their classroom for 40 minutes each day. Students who are performing a little higher academically in the area of reading will receive their reading coaching group instruction from their classroom teacher. Students who are in the classroom will likely have a coaching group of about 20 minutes and will work independently the other 20 minutes on reading skills. More information will be shared with parents during conferences on October 12 or 14th in regards to their child's reading level. Regardless of whether your child is in a coaching group with their classroom teacher or a Title I staff member, all students will bring home a bag each night. This bag, commonly referred to as a child's baggy book, will contain a leveled reading book, as well as a sight word list or a letter/sound list. Students should read their book to an adult each evening and practice either their letters, sounds, or sight words. This nightly practice makes a huge difference in a child's success in reading.

If you have any questions about your child's reading/coaching group, please reach out to your child's teacher. We look forward to the opportunity to talk with parents more about their child's reading at conferences on October 12 and 14th. Look for more information to come home from your child's teacher in regards to conferences if you have not already signed up.

Finally, please start talking to your child about what it means to be a PAX leader. The PAX Good Behavior Game program is used by every classroom teacher across the Tecumseh School District in grades K-5. PAX helps children learn to self-regulate their behavior. We encourage students to be PAX leaders. This just means that they are making good choices which lead to peace, productivity, health and happiness. We will share more information in the coming weeks and months and will even offer parent training on PAX tools parents can use at home. For now, just encourage students to be PAX leaders at home and at school.

Park Layne students pictured here completed the Summer Reading Challenge by completing at least 500 minutes in the Lexia Computer program over the summer.

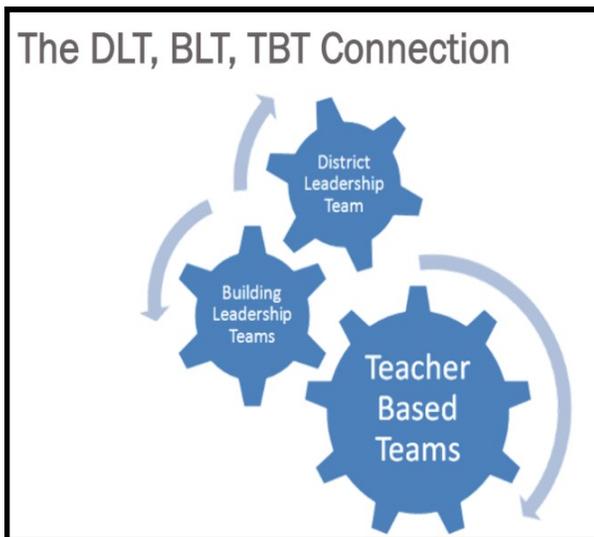

Second graders at Donnelville and New Carlisle were recognized on the announcements in those buildings as well. Congratulations to those second grade; Bella Gamble, Leanna Dixon, Annabell Brown, Nolan Leighty, Landon Copeland, Jonathan Cabrera, Logan Davidson, Ariadne Barcenas-Duran, Faith Byrd, Breanna Lozano-Zarate, Charlotte Dilley, Finnegan Ronallo and Levi Rodriguez. We are so proud of all of these students.

## A System for Growth - Beth Moore, Curriculum Specialist

Tecumseh Local Schools has a system in place to increase academic growth, staff & student wellness, and community involvement. The system structure is formed by peer-to-peer networks, giving more people a voice and allowing for the inclusion of multiple perspectives in guiding our district's journey toward organizational learning and continuous improvement. Teacher-based teams (TBT) are organized by grade level and departments. They are designed to shift the focus from an individual teacher to a team of teachers who can function as a purposeful community. TBT's provide structured time for teachers to come together and review and revise the impact of teaching practice and student learning. Each building in our district has a Building leadership Team (BLT). The BLT is a school-based group of individuals who work to

provide a strong organizational process for school improvement. A rich variety of TBT members sit on the BLT. The final group is the District Leadership Team (DLT). Our DLT's purpose is to support instruction through data-minded goal setting, goal-centered professional development, and clear timely monitoring of progress. Goals have multiple components designed to make expectations explicit and provide a common focus for the district.

The District Leadership Team, Building Leadership Teams, and Teacher-based Teams focus on aligned strategies and action steps that will help achieve our academics growth, staff & student wellness, and community involvement goals. We are currently working toward revising our district and buildings' goals and strategies. We are committed to student and staff growth, wellbeing, and community involvement.

# Tecumseh Local Schools

Tecumseh Local Schools will have a renewal levy on the November 2, 2021 ballot. The renewal is of an emergency levy that was originally passed in May of 1982. It generates approximately \$712,000 annually. The funds generated from this levy are used for normal operating expenses. The renewal levy will be for a period of five years - the same time period since it first passed. If you have any questions, please contact Treasurer Denise Robinson at [denise.robinson@tecumsehlocal.org](mailto:denise.robinson@tecumsehlocal.org) or Superintendent Paula Crew at [paula.crew@tecumsehlocal.org](mailto:paula.crew@tecumsehlocal.org).

Mrs. Denise L. Robinson, Treasurer

## Special Education News Susan Wile, Director of Special Education

### Tecumseh Welcomes Sarah Waechter to Our Gifted Program

We would like to welcome Sarah Waechter, who will be providing gifted supervision services through the Montgomery County ESC for the 2021-22 school year. We are looking forward to working with Sarah as we continue to serve our students identified as gifted in cluster groups in our general education classroom. Mrs. Waechter will be providing training to teachers and support to administration and parents.

Mrs. Waechter is originally from the Cincinnati area and has studied at Miami University, University of Dayton and Ashland University. In addition to gifted education, she has a background in psychology and middle childhood education. Her professional experiences include: substituting for all grade levels and content, STEM education, Preschool and Social-emotional instruction.

Mrs. Waechter says, "It is my philosophy to help provide gifted students with a safe learning environment that nurtures their social and emotional needs, develops interpersonal and relationship skills, guides them through career decision making, and provides life-long skills and support systems."

Please join us in giving Mrs. Sarah Waechter a warm Arrow welcome.

You can reach out to Mrs. Waechter at her email address: [sarah.waechter@mcesc.org](mailto:sarah.waechter@mcesc.org).

Tecumseh Local is fortunate to be 1:1 with Chromebook devices for students. Please take care of these devices by following the tips below.

- Keep the device in the case - cases are designed to be left on the device at all times
- Keep the device away from ALL pets
- Close AND zipper the case when not in use
- Store the power adapter in the pocket when not in use
- Keep the device up off the floor, ground, grass, etc.
- DO NOT eat, drink, smoke, paint nails, etc. around the device
- If liquid is spilled on the device immediately flip the device over in a "v" shape and contact your building as soon as possible
- Please notify your students teacher if there is any issue with a device
- Please review the student device policy located in your FinalForms account and on Tecumseh Local Technology website under "Departments" on the district website

Our online registration and form system, **FinalForms**, is live! Please make sure to login to the portal and update all your student forms for this school year. It is imperative this information is as up to date as possible for the safety and security of your student(s). Checkout the Parent Resources page on our website for more information.

ParentSquare

Communication is a top priority for Tecumseh Local Schools. The new **ParentSquare** application is now live! Communicate directly with your student's teachers, receive announcements from the classroom, building, or district, and stay up to date on everything going on in your students' school life. Checkout the Parent Resources page on our website for more information.
